DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 2-5,8-16,92,93,98 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
3. Claims 16, 92, 93, 98 are method claims that do not seem to contain any method steps.

It is suggested that the independent method claims be re-written to comprise the steps of: selecting a first or second mode of operation, if the first mode is selected, operating in the first mode (followed by a description of operation in the first mode), if the second mode is selected, operating in the second mode (followed by a description of operation in the second mode). Applicant is invited to contact the examiner to discuss the amendment if there are any questions.

4. Claim 93 is rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP § 2172.01. The omitted steps are: selection of mode. Note also the rejection above.

Art Unit: 2618

5. Claim 102 is rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential elements, such omission amounting to a gap between the elements. See MPEP § 2172.01. The omitted elements are: an element to select mode of operation.

6. Claims 94, 99 and 102 are network, i.e. apparatus claims, but it is not clear which elements are being claimed, the claims appear to simply be long preambles.

It is suggested that these apparatus claims be re-written to clearly recite the elements claimed. Compare to the format of claims 100 and 101, for example. Applicant is invited to contact the examiner to discuss the amendment if there are any questions.

Allowable Subject Matter

7. Claims 100 and 101 are allowed.

8. Claims 16, 92, 93, 94, 98, 99, and 102 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

9. Claims 2-5, 8-15, 19-26, 28, 71 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

10.

Response to Amendment

11. Applicant's arguments with respect to claims 2-5, 8-16, 19-26, 28, 71, 92-94, 98, 99,102 have been considered but are moot in view of the new ground(s) of rejection.
12. Applicant's arguments regarding the remaining prior art rejections were convincing and these have been removed. Since the new rejections under 112 were not caused by amendment, this action is not being made final.
13. Applicant is invited to contact the examiner to discuss the amendment if there are any questions.
